Hit by a Bullet.

Benjamin Kimball, of Bridgton, 16 years old, who worked for Oswald Luck, of North Bridgton, a milk man, while driving home with the milk cart, Tuesday, was wounded by a bullet, supposed to have been fired from the woods on the "Pond road." He was thrown from the team, and the horse went home. The bullet entered the left temple and passed up out through the forehead. Henry Douglass, an acquaintance of Kimball's was held pending an inquiry.

Wednesday, Douglass, who was arrested with revolver in his hand, confessed to the officers that he shot Kimball so that he might lay him up a few weeks and get his job at the Luck farm. Douglass was taken to Portland, Thursday, and arraigned on the serious charge of assault with intent to kill.

Kimball is regarded as more comfortable and chances appear favorable for his recovery. He is 18 years old and Douglass 21. Both are single men.

The most of the goods taken at Bethel by the burglars together with plunder from other places were found about a mile west of where the handcar was left. The find was made by Herbert Swan, who was out gunning.

As Mrs. Clifford Hazeltine of West Denmark was taking her sister, Mrs. Joseph Milliken, to her home at Sandy Creek, Monday evening, they met a large touring automobile, with lights turned on and puffing through the sand. The horse shied, threw the women out in the rocky ditch and ran away. The women were jarred and bruised but not seriously injured.

Grange Fair at Casco.

This fair was held by the Grangers on Wednesday, Oct. 4th, at Casco village. The cattle show was in the rear of the hall. There was a large exhibit of cattle on the grounds. I noticed a fine herd of Jerseys owned by Joshua Cook of Casco; also some fine colts owned by Geo. A. Dyer of Otisfield, yearlings, 2-year-olds and others. There were several other exhibitors of neat stock. A team of seven yoke of oxen from South Casco made a good show but South Harrison takes the cake with a string of oxen and steers, containing thirteen yoke of beauties. This was complimentary to Casco Grange for past favors to the Northern Cumberland Fair.

In the hall there was a fine display of fancy and useful articles, credited to the ladies of Casco and vicinity. The display of vegetables was large and fine.

The program for the day was as follows:—10 o'clock, game of base ball was seen by a large crowd; 12 m., dinner in Grange hall and it was voted to use its full capacity, and they did a thriving business; 1.30 p. m., exhibition of draft oxen and horses.

Draft Oxen—Four yoke entered in this contest: Warren Flagg, J. H. Randall, E. W. Fogg, of Harrison; S. A. Hall of Casco. Weight of load estimated 4800.

J. H. Randall's team getting 6 feet, 7 inches was the first to hitch on, hauled the load 251 feet, 10 inches, got 2d premium.

Warren Flagg came next with his team getting 6 feet, 8 inches, hauling the same load 275 feet, 7 inches; took 1st premium.

R. W. Fogg now took his turn with oxen getting 6 feet, 9 inches, hauling the same load 165 feet, 6 inches and took 3d premium.

S. A. Hall of South Casco took a hand in this contest with his team getting 6 feet, 7 inches; distance 88 feet; did well for green oxen.

Draft Horses—Load 4000 pounds. The first to hitch on the load was Irving Fickett of Casco with a pair of black colts weighing 2500 lbs., age 4 years. This pair did not enter for premium but for exhibition. They made a fine showing, distance hauled not given.

Leader Mosher of Naples was next, weight of horses 2200 pounds; distance hauled 314 feet; took 1st premium.

Will Messerve of Otisfield came next, weight of horses 2200 lbs., hauled the load 32 feet, 4 inches and took 2d premium.

S. H. Mann of Casco took a hand with his team weighing 2000 lbs., distance hauled 47 feet, 8 inches and took 3d premium.

E. C. Jordan of Edes' Falls with his light weight team of 1790 lbs. succeeded in hauling the load 35 feet.

A baby show in the hall was one feature of the fair.

Twitchell Bros. of Oxford were on the grounds selling fruit, peanuts and candy. They sold all out before the fair closed.

Llewellyn Welch of Casco sold soda from a fountain with different flavors, also ice cream, candy and peanuts.

The Grange ran a booth near the entrance to the hall and sold candy, peanuts, cigars, etc.

Now one word in regard to the hall. They have one of the finest halls in the State. The upper hall is supplied with stage, scenery, curtain, etc. This hall is large and convenient for the purpose for which it is used. The lower hall is used for dining room and kitchen, very convenient. The basement is so arranged, I understand, that they can put up 60 horses.

The Grangers of Casco are to be congratulated upon the success of their first fair.

Will Hylen, who works for Henry Stearns and who is quite a horse doctor, met with a serious accident while attempting to bath a horse's leg with a mixture of hot vinegar, carbolic acid and ammonia. Burglaries at Bethel.

Burglars had a gala day—rather night—last Monday night. They made six break-ins. Apparently their first break was at the hand car house where they got tools to work with. They went to J. U. Parington's store and took, estimated, a hundred dollars worth of goods consisting of shoes, moccasins and men's clothes and about 200 pocket knives.

At Will C. Bryant's they took two guns with a large quantity of cartridges to fit, tobacco, cigars, several watches, probably \$75 worth.

At Harry Brown's they took 25 raisins. They went into Tuell's shop and Mrs. Bisbee's grist mill but nothing missed at either place.

They then took the hand car and went down the line, a mile and a half to Beaver brook where they dumped the car in the stream and went on.

On Monday evening, officers Barker and Packard took three men each, Packard went to East Bethel and Barker followed a strange team with many bundles to a house on Chandler hill, but they proved themselves to be innocent, so the burglars are yet at large. A new hand car will have to be furnished.

WHY NOT HAVE THE BEST

FOR YOUR MONEY

Thirty-five years experience will teach any one something. One may use a range that length of time, they know one well. I have sold, set and repaired Stoves and Ranges all my business life.

I know Ranges. Some are always good; some are most always good; all are intended to be just right, but all makers cannot hit it every time.

Some will draw too well, some will not draw hard enough. The happy medium is hard to find and keep.

I think I have it in the line I carry. I will set a Range for you that WILL GIVE PERFECT SATISFACTION.

You take no chances whatever, why experiment? Try one I can set for you and be happy.

WM. C. LEAVITT
